Dear *Achint*,

I write this note on behalf of Gen Shankar Roychowdhury, PVSM (Retd), Air Chief Marshal Arup Raha, PVSM, AVSM, VM (Retd), and the Governing Council of Center for Eastern and North Eastern Regional Studies - Kolkata.

2. It has been an educating experience for us; our understanding of student abilities at the level of graduation, from outside the state of West Bengal, stands enhanced. We do hope and pray that all of you go from strength to strength in your respective academic careers. Here at CENERS-K, we shall feel proud everytime that you climb to the next level.

3. You all have produced Research Papers which are well worth pondering over. Your presentations were good, with a few issues that need rounding off at the rough edges. Your mentors have interacted with you and guided you for future. The Papers you have submitted, would be scrutinised, and if found appropriate may be published in The Calcutta Journal of Global Affairs, if found to meet the Journal requirements. Should any of you desire in future, for your future papers to be published, please do contact Dr Harish Mehta our Editor-in-Chief.

4. We do hope you enjoyed your sojourn at Kolkata and made some long lasting friends. We enjoyed working with you all, and hope that you enjoyed our company as much, as we enjoyed having you with us. As we bid au revoir, we provide you with a small memento, to keep reminding you of us.

With warm regards

(Maj Gen Arun Roye)

Vice President
